Antanambao,

501 Mahajanga

Dear Toky,

It's been a long time, I didn't hear from you. I hope you are in good health. I write this letter to tell you about our last school days celebration.

The first day of celebration, we went to Ambohimanga to do reforestation. All students participated and they were happy to take part on it.

Plants play an important role in the protection of environment such as pollution, soil degradation, and erosion.

The second day was at school, we danced and sang. And the last day it was a basketball match between teachers and students.

It was a good time.

Well, that's all now. Write soon and tell me all your news.

Yours sincerely

Lala
